

Maria Fidelis
Catholic School FCJ

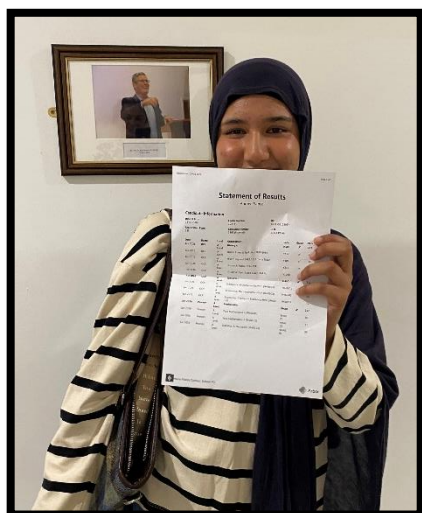

A Level Success!

Improving even further on last year, students at Maria Fidelis Catholic School celebrate success, as yet more students achieve the grades needed to get into top universities and apprenticeships.

We
are
the

ONLY school to offer a placement at the Francis Crick Institute as part of our T Level in Laboratory Science. This year, two students gained degree apprenticeship with the Institute – a phenomenal opportunity at one of the world's leading biomedical research centres.

Congratulations to Aisha on gaining a place at Oxford to study Biomedical Sciences and to Sanya for achieving 4 A*s giving her a wealth of degree apprenticeships to choose from. We are proud of all of our students who are leaving us for varied routes: midwifery, social work, anthropology, law and accounting to name a few.

To apply to our Sixth Form, contact

mfsixthform@gmail.com or come along to speak to us in person on GCSE results day, 10am-1pm or Thu. 3rd September, 11am-1pm: 1-39 Drummond Crescent, London, NW1 1LY
