

20th August 2026

Dear Parents/Carers,

A Level and GCSE Results

Maria Fidelis students have achieved excellent results this year and shown a huge improvement in all areas at both A Level and GCSE. We are also really proud of our pioneering T Level students who both gained degree apprenticeships at the Crick Institute.

I would like to congratulate all of our students who have shown great resilience and stamina in their public examinations. The work involved at both GCSE and A Level is significant and it is the culmination of all their work over the years. I am proud of all our students, but I would like to draw your attention to some truly outstanding results:

At A Level:

Aisha achieved A*AA and won a place at Oxford to study Biomedical Sciences; Sanya achieved A*A*A* and now has a highly prestigious degree apprentice at KPMG; Feven achieved A*BBB and will be studying Classics at Kings College; Omaye achieved A*BB and will be studying Aerospace Engineering at QMC; Tej achieved AAAB and will be studying Physics at King's College; and Wilson achieved ABBC and will be studying Engineering at King's College.

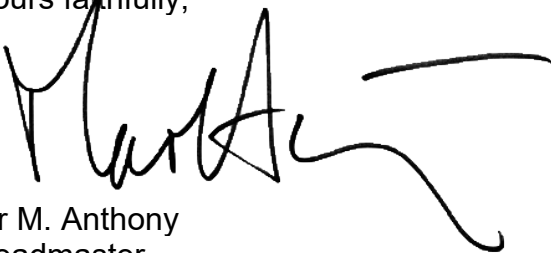

At GCSE:

Siam achieved 10 Grade 9s; Alina achieved 8 grade 9s, 2 grade 8s and a 7; Grace achieved 6 grade 9s, 5 grade 8s and a grade 7; Zara achieved 5 grade 9s, 3 grade 8s and 2 grade 7s; and Malaika achieved 4 grade 9s and 5 grade 8s.

These are truly phenomenal results!

I would also like to thank and congratulate the staff at this school. Last year was particularly challenging, but we all made sure that the students come first and we all worked together to help them get these results. I look forward to building on this success in the new academic year.

Yours faithfully,

Mr M. Anthony
Headmaster
