

Personal Information and Data Protection in our school

Our school holds a lot of personal information – about pupils, parents, teachers etc., and the General Data Protection Regulation is the law that says how we can hold, use and store it. We have a Privacy Notice for Pupils and a Privacy Notice for Staff which tell you what personal information we collect and hold, what we do with it, who we share it with and how long we keep it for as well as other important information.

Our Data Protection Policy can be found on our website under Policies.

The law gives people significant rights about how their personal information is handled. You can find out more about this on the Information Commissioner's Office (ICO) website if you want to use one of your new rights please contact the school and one of our team will be in touch with you. We have a Data Protection Officer who is Andrew Maughan, Camden Council's Borough Solicitor. He is supported by a specialist team of schools Data Protection Advisers. They can be contacted through the schools' DP service by email: schoolsdpo@camden.gov.uk or by telephone: 020 7974 4365.

Please rest assured that our school knows how important your and your child's information is, and takes all appropriate measures to make sure it is kept safe and secure, processed lawfully and fairly and only shared with people that the law allows us to.
